

# FAO encourages investment in agric

**A**dama Taoko, the policy officer and agriculture economist, FAO Regional Office for Africa, has called on government to significantly increase investment in the Agriculture sector, especially in areas that will boost nutrition.

He said it had been proven that a one per cent increase in nutrition investment could result in a 16 per cent growth in a country's Gross Domestic Product in the long term.

Taoko, in an interview with the *Ghana News Agency* on Thursday, said, government needed to foster greater inter-sectoral collaboration and coordination with stakeholders for the achievement of food security and nutrition goals.
