

### **Module 3: Resource Optimization**

This module focuses on how the open access environment can be promoted and how the collection development may be facilitated by integrating open access resources with institutional and library resources.

**Objective:** At the end of this module, the participant is expected to be able to foster an enabling environment for Open Access, and facilitate collection development by integrating library services.

**Unit 1:** Deals with OA mandates and policies;

**Unit 2:** Focuses on OA content management;

**Unit 3:** Harvesting and integration
