

IET scoops Visionaries award 2017

By Vision Group

International Energy Technik (IET) Limited is an East African-based ISO 9001 certified electrical engineering company. It has a long-established history in countries like Uganda, Kenya and Tanzania. It started operations more than 50 years ago.

In its journey to success, on November 7, the company was recognised and awarded with the best Visionary Award in electrical engineering and contracting.

According to Yadav Dinanath, the general manager of IET, they have since 1990 represented Siemens AG, in the areas of medium and low voltage products and solutions.

"IET has over the years built an enviable track record for completing complex projects and unique electrical solutions to meet our customer requirements in the region," he says.

Dinanath adds that they are reputed as a supplier of quality
