
God's plans are better than yours

I would like to share the Christmas message delivered by the Kabale Bishop, Rt Rev Callistus Rubaramira, at Rushoroza Cathedral in Kabale Municipality. He told us to have humility which allows for faithfulness and trust in God. To accept God's plan and let go of our individual personal plans.

The bishop spoke about God's love for humanity which he expressed by giving His Only Son for us.

The bishop talked about corruption, killings of innocent people, bad governance, stealing, immorality, laziness and lack of faith. He said repentance was needed in regard to the above.
