Farmers trained in bird, animal rearing

The ministry of Agriculturem through National Animal Genetic Resource Centre and Data Bank, has trained farmers in Kalungu District on how to rear chicken and cows with the aim of transforming them into successful farmers.

The training was held at Lukaya Town Council headquarters at the weekend, where more than 50 farmers from three sub-counties of Lwabenge, Bukulula and Lukaya were equipped with new tactics of hatching good quality chicks and breeding of healthy cows.
