LUWERO BOY EXCELS DESPITE FEES CHALLENGES

BY FREDERICK KIWANUKA

Titus Katumba, a former student of Luwero Secondary School, has defied economic challenges to shine in the 2025 UACE exams, scoring 20 points in the BCM/ICT combination.

His remarkable performance not only made him the top student at his school, but also placed him among the district's brightest stars.

Katumba's journey was far from easy. Raised by a single mother who struggled to pay school fees, he received a bursary from the school administration, who recognised his potential and dedication.

Undeterred by financial hardships, he focused on his studies, and his hard work has now borne fruit.

"I want to continue my education, secure a good job and help my mother and siblings out of poverty," Katumba said, expressing joy and determination.

The school's headteacher, Ronald Ssesanga Kato, said the bursary was awarded after observing Katumba's brilliance and focus.

"He knew what he wanted and he achieved it," he said, praising the student's dedication and perseverance.
