'Hard work, prayers helped me excel'

BY CHRISTINE KATENDE
ckatende@ug.nationmedia.com

KAMPALA. For Ruth Karen Nakyeyune, Friday, February 12, will always remain a fond date to her remembering the good performance she posted in Uganda Advanced Certificate of Education exams.

The 19-year-old, who scored 19 points, is a former student of Mt St Mary's College Namagunga. She studied Physics, Economics and Mathematics. She scored A in Physics, A in Economics, and A in Mathematics. Her wish is to join Makerere University and pursue a course in electrical engineer. She scored 10 in UCE.

"The fact is, I used to read hard and pray a lot. I could only sleep for two hours every night. I never missed daily Mass and reciting the rosary, where at every opportunity, I would invoke God's grace," she says.
